Sterling's Mission :

Through research and testing, bring together strong durable light materials and quality design.

He simply gives his customers the best.

Why buy a Sterling Built Kayak?

Designed, Quality Controlled and Built at the Owner's Shop, Sterling Donalson.

1. Strong-Lite lay-ups are a proprietary lay-up which delivers: Kayaks 10% to 15% lighter than competitors. Eco friendly bagging of quality materials producing optimum strength and lightweights!!!
2. "Skeel" new skeg proprietary designed and built (aft central retractable skeg with kink free cable design.)
3. Ergonomic coaming w/padded thigh braces
4. Custom fitted Joe Greenley seat— comfort
5. Internally attached foot braces-no leaking
6. Lightweight beveled bulkheads
7. Proprietary inside/outside seam joint
8. Large Sea Dog Hatches
9. Recessed deck fittings
10. Water safety inspection
11. lift handles
12. perimeter ropes and bungees
13. paddle float arrangement
14. Sea Dog quick adjust foot pedals

This list of standard features is unrivaled in the industry yet the real reason that experienced paddlers are choosing these kayaks is their performance trials by the very best paddlers the industry has to offer, to become

The Best Kayaks in Wind, Chop, Surf, Weather or a relaxing day in calm waters.

Sterling = Quality, Service & Satisfaction
We call it the "Perma-Grin" factor
